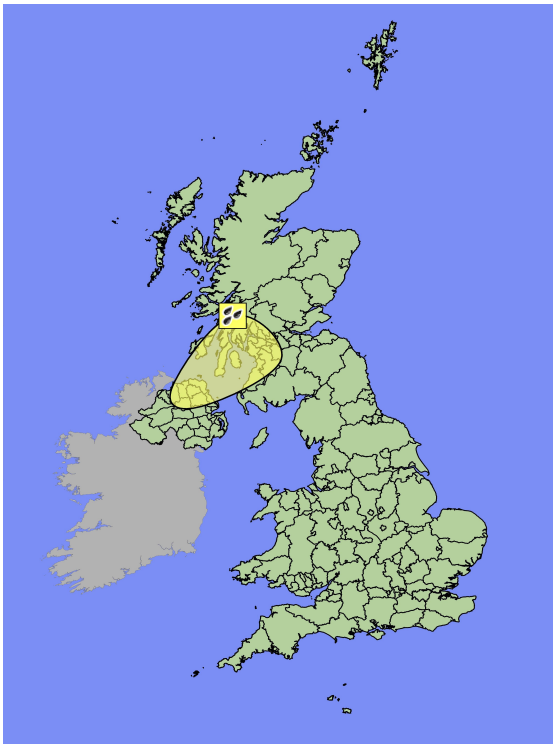
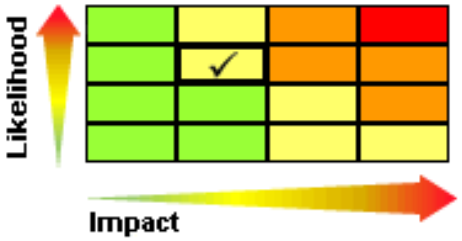
National Severe Weather Warning Service





Chief Forecasters Assessment
A slow moving frontal system will continue to produce widespread outbreaks of rain this afternoon before beginning to move away southwards through this evening and the early part of tonight. Some of the rain will be heavy with 15 to 25mm falling widely and perhaps as much as 50mm in places.

The Met Office have issued a **Yellow Warning** of **Rain**

Valid from **15:35 on Thu, 20th Sep 2012** until **22:00 on Thu, 20th Sep 2012**

Rain will continue to be heavy at times before dying away later this evening.
The public should be aware of the risk of localised flooding and possible travel disruption.
